

## Collision Technology

The Collision Technology program at GRTS is just the place for you to express your creativity, follow your dream and train for a great career in collision repair and refinishing. Get started today in a challenging, in-demand career with unlimited potential.

You will learn basics of bodywork on a variety of makes and models of vehicles. From body construction and frame alignment, to welding and mechanical/electrical repair, to airbrush and spray, you will master the skills you need to repair collision damage on today's complex automobiles.

GRTS' Collision Technology program can give you the highly specialized education that body shops and dealerships are looking for today.

- 1 year certificate
- Articulation Agreement with multiple colleges
- 2 year AAS degree 1+1 with NCMC
