

Grand River Technical School
Chillicothe, Missouri

Computer/ Networking Technology

Over the last 30 years an investment of \$11 trillion has been made in information technology globally. With heightened security demand and increasing reliance on technology worldwide, the U.S. Bureau of Labor Statistics identifies IT as the fastest growing sector in the nation's economy, with a 68% growth rate. These positions range from entry-level jobs in customer support and help desks to more advanced jobs in database administration, network security and project management.

- 1 year certificate
- Articulation Agreement with multiple colleges
- 2 year AAS degree 1+1 with NCMC

Why CompTIA? The role of the IT professional has become more strategic, and technical skills alone are no longer enough for most IT jobs. More than ever before, companies need employees who can think strategically and communicate effectively in addition to being able to perform the fundamentals. According to the Kotler Marketing Group, certified professionals report, that they have more confidence on the job, see an improvement in the quality of their work, and have a higher demand for their services.
